## MAKE A VILLAGE CHURCH

**To make the church follow these steps...**

1. Print off pages 1 and 2 onto separate sheets of white A4 card
2. Cut around the outline of the church, taking care not to cut off the glue tabs shaded grey). Also cut out the roof but don't cut down the white line in the middle of the roof.
3. Ask an adult to score along each fold of the church with a ruler and a knife
4. Apply PVA glue or a glue stick to the shaded grey tabs on the walls and floor of the church.
5. Allow the glue to dry, once dry apply glue to the tabs on the sloping roof, then fold the ridge of the roof and place the roof on top of the church.

**£1.50 if printed onto card, free to download from website and print from home**
